

Plastic Checklist for Hotels

This comprehensive checklist outlines the most commonly used single-use plastic items in the hotel industry. Businesses should use this list as a guide to determine which single-use plastic items need to be eliminated from their business practices.

*If your business is using a single-use plastic item that is not recognized on this list, submit a detailed overview of the item and Oceanic Global will determine if the item can contribute to your plastic elimination requirements.

Front-of-House (FOH)
